PROFILE

Motivated B.Tech CSE student at LPU, passionate about software development and web technologies. Currently learning full-stack development and exploring AI and Cybersecurity. I enjoy building real-world projects and collaborating on meaningful tech initiatives.

PROJECTS

Portfolio Website

Self Project • 2025

Developed a responsive personal portfolio using HTML and CSS, hosted on GitHub Pages. Designed to showcase skills, contact info, and GitHub/LinkedIn profile.

🔗 **github.com/KaushalPrazapati/portfolio**

To-Do List App

Self Project • 2025

Created a simple JavaScript-based task manager with local storage support for managing daily tasks.

WORK EXPERIENCE

Cybersecurity Analyst – Tata Consultancy Services (Forage)

July 2025

- Completed a job simulation on Identity and Access Management (IAM).
- Collaborated in a simulated consulting team to design security strategies.
- Developed IAM documentation and presentations aligned with business goals.
- Gained hands-on experience in cybersecurity best practices.
